

# TomTom PRO 8270 & TomTom PRO 8275

## The best driver terminals for your business

The TomTom PRO 827x Series combines the latest navigation and fleet technology. The driver terminals of the TomTom PRO 827x Series include an open platform, allowing you to adapt the WEBFLEET order workflow to your existing business applications. Furthermore, the TomTom PRO 827x Series can be customized by installing bespoke business apps to boost your efficiency.

### All TomTom PRO 827x driver terminals feature:

- 7" (17,7 cm) ruggedized touchscreen
- Full customisation with platform control
- Lifetime Maps and Lifetime TomTom Traffic\*
- Easy serviceability with our Mobile Device Management platform

### Our flagship model TomTom PRO 8275 additionally features:

- Near field-communication and 3G modem
- 5 megapixel camera and flash light

### TomTom PRO 8270 TRUCK and TomTom PRO 8275 TRUCK versions are equipped with:

- Truck-specific routing
- Rear camera support

### Open platform for customised business applications

The open platform is Android-based and allows you to install business apps for improving your business processes. The TomTom PRO 8275 TRUCK helps you for instance with:

**Scanning:** Send barcodes, RFID or documents to the office in real time.

**Digital signature:** Obtain digital signatures to prove delivery.

**Driver ID:** Monitor working hours and movements.

### PRO.connect for seamless integration with WEBFLEET

PRO.connect enables you to customise the WEBFLEET workflow:

**Extend:** Add steps to your WEBFLEET workflow.

**Checklist:** Digitise every step of your workflow.

**Question path:** For vehicle checks, driver reporting and more.

In addition, PRO.connect allows you to save connectivity costs by transferring data from your business apps (WEBFLEET connected or standalone) using the connectivity of the LINK.

### WEBFLEET & TomTom PRO 827x Series

Our online fleet management service WEBFLEET provides you with everything you need to manage your fleet easily and effectively. The TomTom PRO 827x Series is the perfect companion for your mobile workforce to always be connected to the office and to provide a better service to your customers.

\* Connectivity is not included.
